Application No. 10/091,223

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on April 20, 2005. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

In accordance with section 707.08 of the Manual of Patent Examining Procedure (MPEP) (8th Ed., Rev. 1 (Feb. 2003) states:

The full surname of the examiner who prepares the office action will, in all cases, be typed at the end of the action . . .

After the action is typed, the examiner who prepared the action reviews it for correctness. The surname or initials of the examiner who prepared the action and the date on which the action was typed should appear below the action. If the examiner does not have the authority

to sign the action, he or she should initial above the
typed name or initials . . .

The Examiner's Answer mailed July 14, 2004 is deficient in that
there is no signature or initials for Alexa A. Doroshenk.

Accordingly, it is

ORDERED that the application is returned to the Examiner for
taking corrective action regarding the appeal conference, written
notification of the action taken, and for such further action as
may be appropriate.

It is important that the Board of Patent Appeals and
Interferences be informed promptly of any action affecting the
appeal (i.e., abandonment, issue, reopening prosecution).
